

# USB-C to VGA+LAN Travel Adapter

The USB-C to VGA+LAN Travel Adapter is designed for extra connectivity demands. With the adapter, you can extend the connection of a computer to Ethernet network, and displays via USB-C interface. Feel free to plug in upside down for USB-C plug is reversible. With VGA video output, the adapter enriches the user's experience. The bus-powered design is convenient for travelers, and the self-powered design allows the user to charge via USB-C port. By including an RJ45 Ethernet port, gigabit network can be accessed through the adapter. Overall, the stylish, sleek and compact design makes the adapter your perfect solution for USB port expansion.

VSD1610

## Features

- USB-C input
  - Support VESA USB Type-C DisplayPort Alt Mode
- Video output
  - VGA female connector, up to 1920x1080p@60Hz resolution
- USB downstream port
  - USB Type-C female x 1 (Only for PD Charging)
- LAN
  - RJ45 Gigabit Ethernet x1
- Supports Bus-powered and Self-powered (via USB-C port)

## System Requirements

- PC with USB-C interface supporting VESA USB Type-C DisplayPort Alt Mode
- Supported Operating System
  - Windows® 10
  - Mac OS®
  - Chrome OS™

## Package Contents

- USB-C to VGA+LAN Travel Adapter

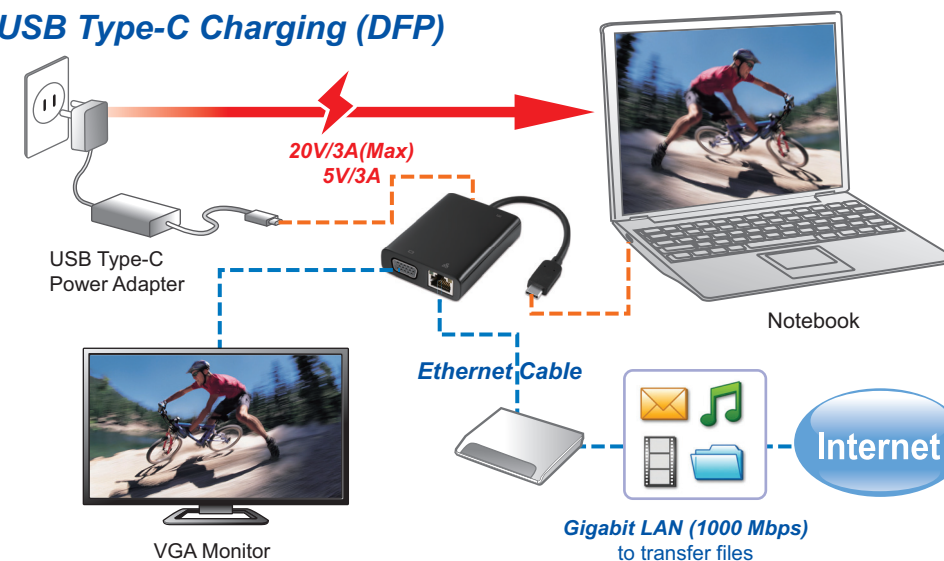

## Specifications

User Interface	Upstream	USB-C male connector
	Downstream	Video: - VGA female connector x1
		USB: - Type-C female connector x1 (PD Charging)
	LAN: - RJ45 connector x1	
Power Supply	Bus-Powered	
	Self-Powered (via USB-C port)	
Working Environment	Operation Temperature	0~40°C
	Storage Temperature	-20~70°C
Compliance	CE, FCC	

\* Specification is subject to change without notice.

## Application

### USB Type-C Charging (DFP)
