

# Boost Connectivity, Productivity and Efficiency

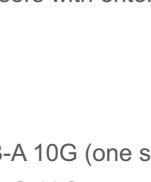

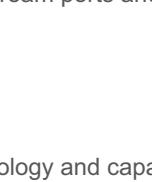

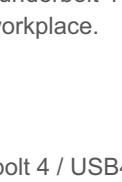

— **THE END** —

The image shows the Thunderbolt 4 logo, which consists of a stylized lightning bolt inside a circle with a trademark symbol, followed by the text "THUNDERBOLT™ 4". To the right is a rounded rectangle containing four small icons representing different connectivity ports: a USB-C port, a Thunderbolt port, an HDMI port, and a DisplayPort port. Below these icons is the text "Multi-ports".

The diagram illustrates a network connection. On the left, a laptop is connected to a central network switch via a blue cable. The network switch is connected to a server and a printer via orange cables. The server and printer are also connected to each other via a blue cable. The laptop has a blue ribbon icon above it, and the printer has a blue ribbon icon above it. The server has a blue ribbon icon above it.

The diagram illustrates a Thunderbolt 4 / USB4 connection. A blue line with a blue arrowhead originates from a host computer icon on the left and points to a monitor icon. Another blue line with a blue arrowhead originates from the same host computer icon and points to a storage device icon (a server rack). Both the monitor and the storage device icons are connected to the host computer by blue lines.
