

Redefining High-Performance Workstations

Thunderbolt™ 5 Dual HDMI Dock

DBF7507

The DBF7507 Thunderbolt™ 5 16-in-1 Dual HDMI Dock is designed to simplify your workspace and keep you productive. It powers your laptop with up to 140W while providing 30W PD for connected devices, so you can stay charged and ready without juggling multiple chargers.

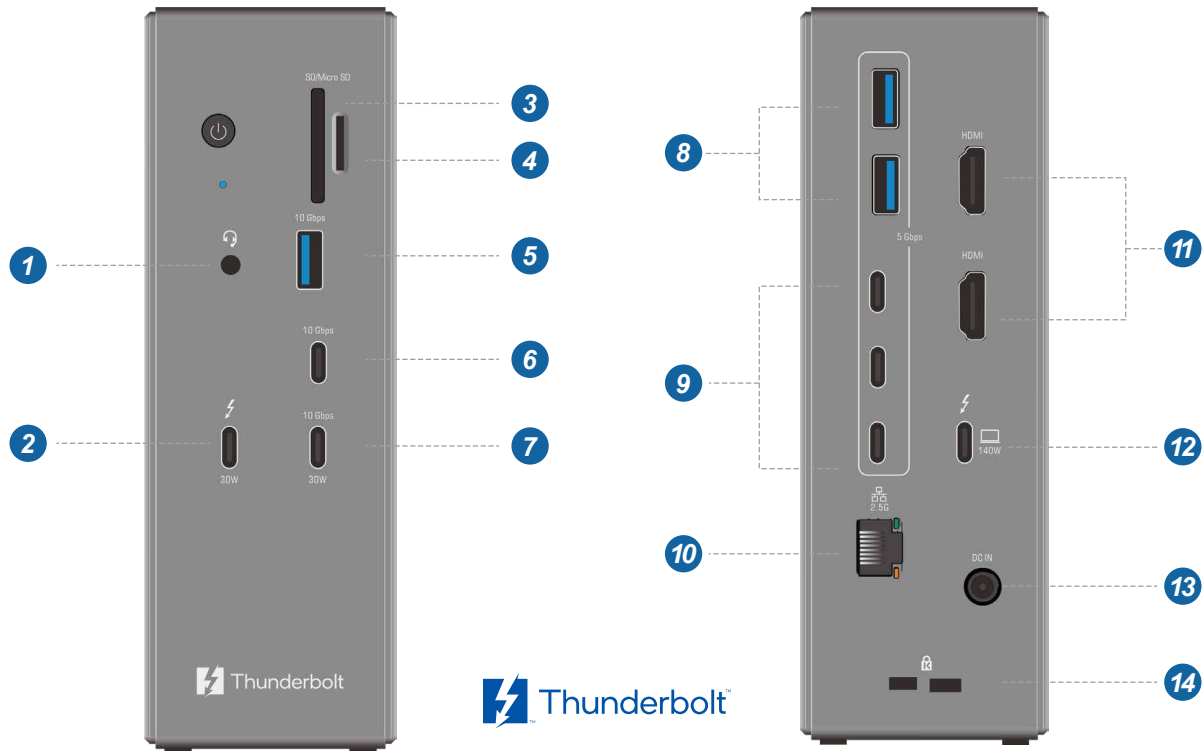

Easily connect multiple monitors with dual HDMI 2.1 supporting up to 8K60, or expand your setup to three 4K144 or two 8K60 displays, giving you the screen space you need for multitasking, creative projects, or immersive presentations. Transfer files instantly with Thunderbolt™ 5 and USB4, access SD cards with the built-in SD4.0 reader, and enjoy reliable, high-speed internet via 2.5 Gb Ethernet.

The DBF7507 solves the clutter and connectivity issues of modern workspaces, letting you power, connect, and display everything from a single, sleek dock.

Feature

- Thunderbolt™ 5 upstream port delivers up to 140W to power your laptop, so you can stay fully charged without carrying extra chargers or adapters.
- One Thunderbolt™ 5 downstream port and one USB-C port supporting 30W PD allow you to charge connected devices like smartphones, tablets, or peripherals, keeping all your gear ready to go.
- Dual HDMI 2.1 supporting up to 8K60 brings crystal-clear visuals to your monitors, perfect for presentations, content creation, or immersive entertainment.
- Supports three 4K144 displays or two 8K60 displays to expand your workspace and multitask efficiently, helping you see more at once without compromising performance.
- Built-in SD4.0 card reader and 2.5 Gb Ethernet make file access and high-speed network connectivity simple, eliminating the need for extra adapters or network devices.
