

USB-C DP1.4 MST Dock

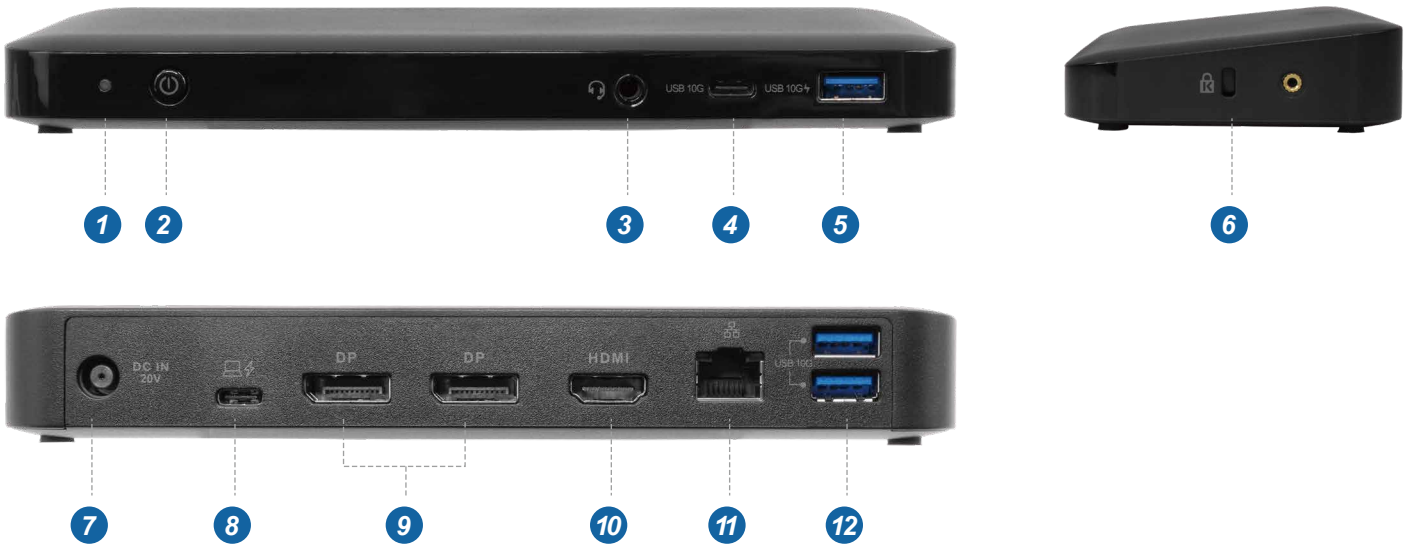

DUD2070S2

The DUD2070S2 showcases outstanding performance through its robust screen expansion and seamless connectivity, enhancing productivity both in the office and at home. It can extend content across three monitors at up to 4K30Hz resolution using legacy DP and HDMI ports, significantly improving efficiency. Additionally, it offers fast PD charging of up to 96W for laptops via the USB-C upstream port. With three USB-A ports and one USB-C port on the DUD2070, connecting various peripherals to complete complex tasks is quick and convenient. The built-in Ethernet RJ45 connector and audio jack ensure a reliable working environment for any situation. The DUD2070S2 serves as a dependable docking solution, streamlining work and cable management to meet the rigorous demands of the job.

Feature

- DP1.4 MST technology ensures seamless content expansion on external monitors from your laptop
- Two DP and one HDMI port extend displays to up to 4K30Hz resolution on three screens
