USB-C Dual 4K Display Docking Station

DUD3561

The DUD3561 is the USB-C dual 4K display docking station for laptop that extends your productivity across up to two screens. It has legacy HDMI and DP display ports that can support the maximum resolution up to 2 x 4K60 display for various applications of information surveying, video conferencing & presentation, programming, media creativity, CAD drawing, engineering. USB-C uplink connecting the laptop supports up to PD96W to charge laptop as well as PD30W at USB-C downlink for USB accessory and to charge a smart phone. SD4.0 card reader provides a simple and convenient interface to access SD storage without needing additional SD card reader. Horizontal layout is easy for the cable management and the dock placement over the desktop.

Feature

- Dual displays – legacy 2xDP + 2x HDMI ports that support the maximum resolution up to 2x 4K60 specified in HDMI2.0 & DP1.2 to external screens
- 96W Charging – charge your laptop with maximum 96W directly by USB-C uplink so no needing DC adapter to power up your laptop
- 30W Accessory Charging – charge your smart phone, tablet, or power bank with 30W power directly by USB-C downlink
- Compatibility – docking station compatible with Windows, Mac, and Chrome OS for your Windows, Macbook, Chromebook laptops
- More Extension - 4x USB-C 10G ports and 2x USB-A 10G ports for your USB accessory connection
- External Storage Access – SD4.0 card reader to access your SD card for more and fast storage
