

## USB-C 5×4K Display Docking Station

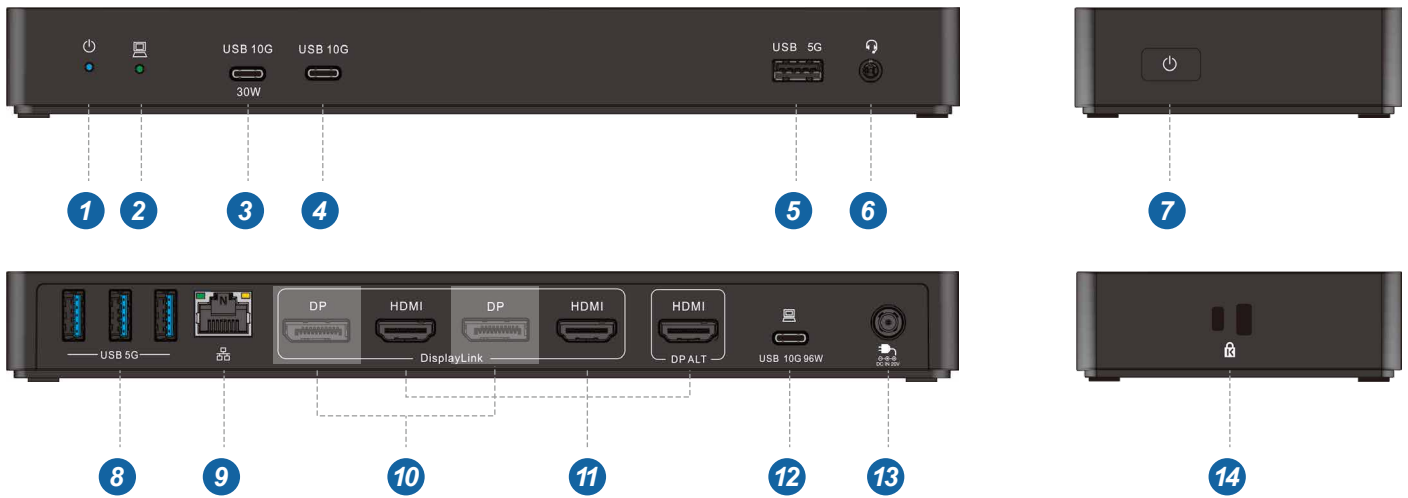

### DUD3950

The DUD3950 delivers outstanding content extension performance to an impressive five displays, supporting up to 4K60Hz via its two DP and three HDMI video ports, significantly enhancing productivity and convenience with versatile video connectors. With power delivery of up to 96W to the laptop, this dock also provides 30W simultaneous charging for any USB-C device, greatly improving work efficiency. Furthermore, the DUD3950 supports extensive USB peripheral connectivity with four USB-A ports and two USB-C ports, while its built-in RJ45 connector and audio jack ensure a reliable workplace setup. The DUD3950 is an exceptional companion for professionals managing multitasking environments, enabling them to achieve higher performance effortlessly.

### Feature

- 2×DP and 3×HDMI ports extend five displays at 4K60Hz resolution.
- USB-C UFP delivers 96W for laptop power without a laptop power brick.
- Robust extension with abundant USB DFP: 4×USB-A 5G ports and 2×USB-C 10G ports (one with PD30W) for USB accessory connections.
- Integrated Ethernet 2.5GbE RJ45 connector and audio jack for more applications.
- The flat, horizontal design streamlines your workspace and enhances cable management.
- A laptop with one available port (USB-A, USB-C, USB4, or Thunderbolt™ 3/4).
