

USB-C 11-in-1 Dual 4K Universal Mini Dock

DUD7355

The DUD7355 is a small, compact, and easy-to-carry USB-C display universal dock that is perfect for travel and work. It features two DP ports with resolutions up to 2x 4K60 specified in DP1.2, so you can extend your laptop screen to two external monitors and boost your productivity. The DUD7355 also includes a up to PD85W passthrough port that can charge your laptop while you are working, as well as dual USB-C downstream ports and four USB-A ports that can charge your smartphone, tablet, or other devices. There is also an audio combo port for video conferencing or listening to music, and a 1Gbps RJ45 port for reliable network access.

Feature

- Legacy dual display supported in resolution up to 2x 4K60 as specified in DP1.2 to extend PC's screen to 2 external monitors at the same time
- PD passthrough supplies up to PD85W to charge the laptop via 1m USB-C 10G tethered cable
- Dual USB-C 10G downstream ports to charge the smartphone, iPhone, tablet, and other devices
- Quad USB-A 5G downstream ports to give sufficient power to USB accessories
- More extension - 2x USB-C 10 G ports and 4x USB-A 5G ports for your USB accessory connection
- An audio combo jack to your headphone for conferencing or listening to music
- Stable 1Gbps Ethernet port to access the network
- Compatibility – docking station compatible with Windows, Mac, and Chrome OS for your Windows, MacBook, Chromebook laptops
- VESA mounting design
