GOOD WAY

Triple 4K144 Displays
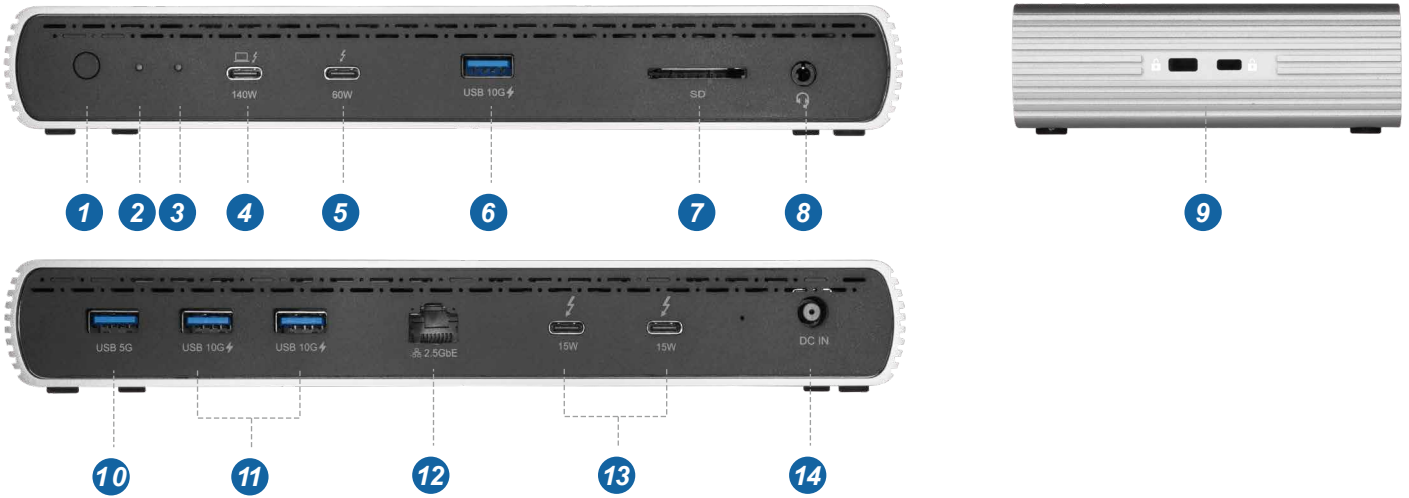

DBF7052

Thunderbolt 5 Full Dock

The DBF7052, designed for professionals, is one of the flagship docking stations featuring cutting-edge Thunderbolt 5 technology from Good Way's brand new Thunderbolt 5 dock series. With a power delivery up to 140W, it rapidly charges laptops and multiple USB devices, highly enhancing productivity and efficiency. This dock enables content extension to three 4K144 displays or dual 8K60 displays through Thunderbolt 5 ports, showcasing the most delicate details for creators. Compatibility extends to USB4, Thunderbolt 3, and 4, providing great convenience. Equipped with a 2.5GbE Ethernet RJ45 connector and four USB-A ports, it ensures a reliable workplace environment. The DBF7052 stands as the ultimate docking solution for content creators seeking unparalleled performance.

Feature

- Thunderbolt 5 delivers up to 140W for laptop power
- Three Thunderbolt 5 / USB-C DFP ports deliver up to 120 Gbps; the front one supports PD60W for Thunderbolt share, and the rear two support PD15W
- Supports three 4K-resolution displays and two 8K-resolution displays for content extension
- Perfectly compatible with USB4, USB4 80, Thunderbolt 3 and 4
- Durable and sturdy aluminum casing design
