

DUD7220

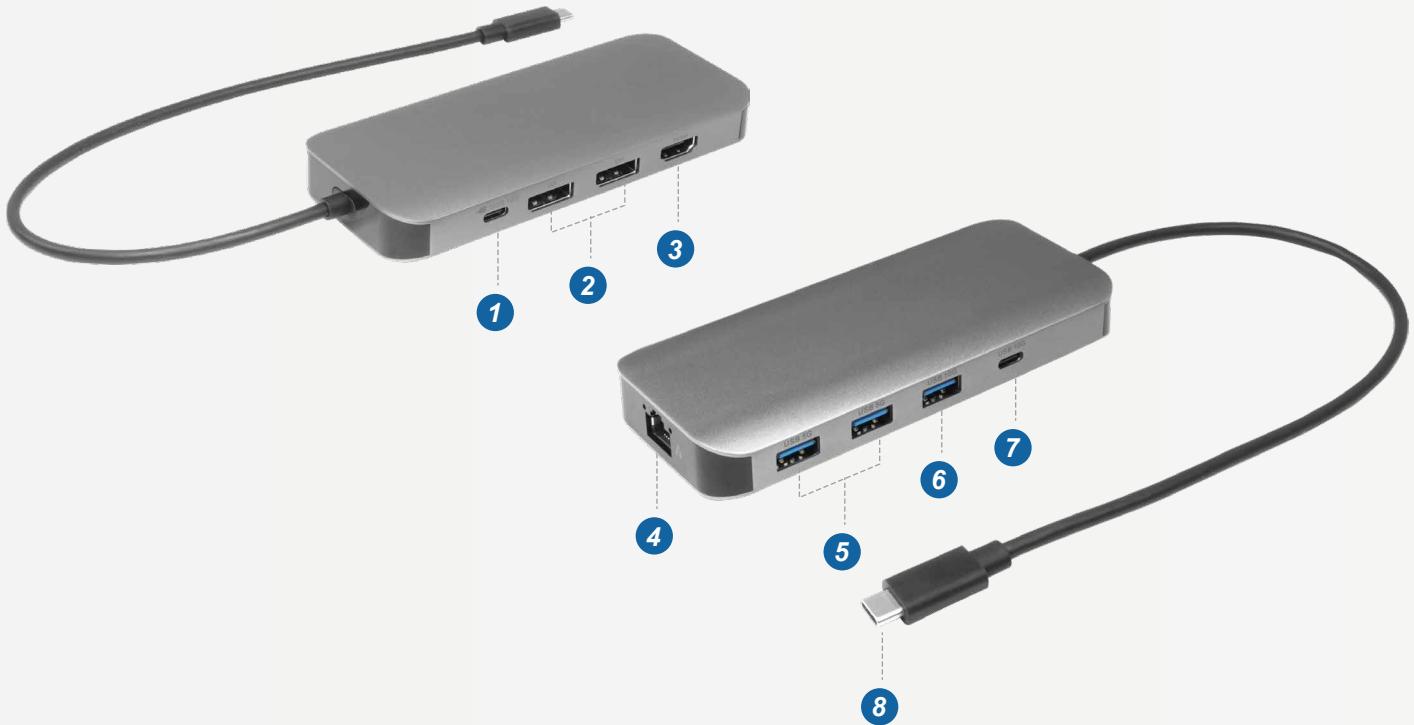

USB-C 9-in-1 Multiport Dock

The DUD7220 is a compact yet powerful dock with multiport design, making it an ideal choice for both travel and hybrid work environments. With two DP ports and one HDMI port, it allows you to extend your content to three monitors, each offering a 4K30Hz resolution, ensuring exceptional multi-display to enhance your productivity. Its abundant USB-A and USB-C ports are versatile enough to handle most tasks, significantly improving efficiency. The built-in Ethernet RJ45 connector adds dependable and stable networking when traveling. While connecting devices and monitors, the DUD7220 can also charge the laptop with up to 85W power delivery. The DUD7220 serves as a high-mobility travel dock designed to boost your work performance anywhere you go.

Feature

- Legacy two DP ports and one HDMI port ensure you can connect up to three monitors with a 4K30Hz resolution
- Dual-powered mode with both bus-powered and self-powered options
- Supports PD charging up to 85W pass-through with a USB-C PD100W input
- Conveniently connect USB devices with multiple USB-A and USB-C ports
- The built-in 1Gbe Ethernet enhances networking stability
- 30cm USB-C cable to connect the laptop
- Stylish and lightweight design enhances mobility
